

Brief CV

Name	LIEW YUN MING	中文名	刘韵萌	
Gender	FEMALE	Title (Pro./Dr.)	DR.	
Position (President...)	SENIOR LECTURER	Country/ Region	MALAYSIA	
University/ Department	SCHOOL OF MATERIALS ENGINEERING, UNIVERSITI MALAYSIA PERLIS			
Personal Website	-			
Research Area	GEOPOLYMERS, CONSTRUCTION MATERIALS, COMPOSITES			

Brief introduction of your research experience:

Dr. Liew Yun-Ming is currently a senior lecturer in School of Materials Engineering, Universiti Malaysia Perlis (UniMAP) and also senior researcher at Center of Excellence Geopolymer and Green Technology (CEGeoGTech). She obtained her doctoral degree from UniMAP. Her main field of research includes geopolymers, cement and concretes, recycled materials and polymer materials. She has been actively involved in research work relating with geopolymers since 2010. She has participated in national and international exhibitions which she has received 9 special awards, 19 gold, 9 silver and 3 bronze. Besides, she has pronounced publication (52 journal articles, 32 conference papers, 2 books and 1 book chapter) with *h*-index of 10 and total citation of 514. She is a leader and co-leader for several national and international research grants. Furthermore, she was offered by University of Plymouth, UK, to undergo short-term postdoctoral studies related to her field of interest which has just ended in mid of February 2017. She has also appointed as the reviewer for distinguished journal papers (e.g. cement and concrete composite, materials and design, construction and building materials, etc.) and conference papers. She is also the technical committee of international conferences, editorial board of several international journals and jury for international exhibitions.
